WELCOME LETTER

2024 SEASON

Dear friends and polo players,

We welcome you to our club! Now in its 16th year of operation, the club offers regular polo trainings and competitions for players of all ages and all levels. We operate on the 30ha regenerative farm located in Veigy-Foncenex, France, next to the Swiss border (town of Anieres, Suisse). Click on the link to our [LOCATION](#)

This memo is meant to familiarize new players with the main features and offerings of the club: The club welcomes new both horse owners and non-horse owners and keeps a number of horses for rental. Certain pension categories may be limited (for example, we have a certain maximum capacity in parc +...) and therefore advance reservations are encouraged.

FFP licences: Important! all members must make the on-line procedure to obtain licenses. It only takes a few minutes. Click the link to [RENEW YOUR POLO LICENCE](#)

Thank you for taking the time to look over this information and don't hesitate to contact us with any questions you may have.

We look forward to seeing you for the start of the 2024 season!

Best regards,

Team GPC

INTRODUCING PADDOCK POLO

Paddock polo as structured by the FFP (Fédération Française de Polo) is a simple and fun practice of polo typically using minimally groomed fields, and, or, the sand arena, and the large plastic, or rubber air ball.

This is a great way to get started with the sport of polo and it is also very well adapted for kids given the slower speed.

FOR HORSE OWNERS

CLUB GROOMING SERVICE

The club continues to offer a basic grooming service at a very competitive rate. The basic club service is a “pooled” service whereby all client horses subscribing to this service are pooled together and serviced by the team. This service includes pre-season/ early season legging up, all preparation during the season for S&B sessions and matches, and modest training or “tuning” of the horses during the season. This basic service does not offer the degree of attention (daily trotting, tuning, brushing/clipping, etc....) that is possible with a private groom. The pooled service is a nice compromise for those with relatively easy horses looking for a simple option or to save money on this post as it does take care of all the basics.

We do encourage members looking for more elaborate service to hire private grooms for the season. In order to keep the club running smoothly, and to avoid problems, all private grooms must respect the internal guidelines of GPC and EARL SCCF. Private grooms, like club staff, are also subject to penalties or other sanctions for any negligent or malignant conduct as described above (the ultimate responsibility is with the patrons). The club reserves the right force dismissal in extreme cases. All private grooms operating on club grounds must also be insured and be legally employed (inscriptions and payment of all social charges, DPAE, etc....). As mentioned, copies of registrations and employment documents must be provided to the club office.

GROOMING SERVICE	
1 HORSE	550 €/MONTH
2 HORSES	900 € /MONTH
3 HORSES	1,200 € /MONTH
4 HORSES	1,550 € /MONTH
5 HORSES	1,775 € /MONTH
6 HORSES	2,000 €/MONTH

This basic service does not offer the degree of attention (daily trotting, tuning, brushing/clipping, etc.) that is possible with a private groom.
- Additionally, clients must understand that the groom must share his/her time between other tasks and between other clients and so the groom can not be asked to wait around or to provide a very personalized service.
- Our pooled service is a nice compromise for those with relatively easy horses looking for a simple option or to save money on this post as it does take care of all the basics.
- We do encourage members looking for more in-depth service to hire private grooms for the season.
- In order to keep the Club running smoothly all private grooms must respect the internal guidelines of GPC and EARL SCCF
- All private grooms operating on Club grounds must also be insured for accidents and be legally employed according to French legislation with payment of social charges. A copy of registrations and employment documents must be provided to the Club office.
- Subject to Club capacity and resources.

Like previous seasons we plan to host two "long-weekend" tournaments of HCP 2-4 or 3-5 goal (TBD).

The first will be in June (Season Open) and the second at the end of the season (Copa San Martin).

Additionally, we plan more internal cups (0-2 goals + TBD): for example:

- The Daisy Cup in May,
- The Sun Cup in July.

As the level keeps increasing at the club our main competitions will likely be 3-5 or 4-6 goals.

As our events and hospitality focus will be more on private events and corporate hospitality, we plan to hold just one larger public event. This will be the "Summer Plunge" which is scheduled for June 8th on the field no. 1.

The club plans to additionally host an "Open house" week to welcome new players and introduce them to the great sport of polo in May. More details to follow!

See above season agenda.

Tournament sign-up's will be circulated early season.

EVENTS, SPONSORING, AND CORPORATE HOSPITALITY
